Dear Sir:

EXPRESS MAIL CERTIFICATE

Date 103 Label No. L

I hereby/certify that, on the date indicated above, this paper or fee was deposited with the U.S. Postal Service & that it was addressed for delivery to the Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 by Express Mail Post Office to Addressee service.

In order to comply with the duty to disclose information under 37 C.F.R. § 1.56, Applicants submit herewith an Information Disclosure Statement ("IDS") in accordance with 37 C.F.R. §§ 1.97 and 1.98. In particular, Applicants submit herewith Form PTO/SB/08 listing references for consideration by the Examiner.

of record in the '388 application. Copies of references 3 and 8-9 are of record in the '176 application.

In accordance with MPEP Sections 609 and 707.05(b), Applicants are filing this Information Disclosure Statement so that the listed information will be printed on the patent. It is requested that each document cited (including any reference or other document cited in applicant's specification which is not repeated on the attached SB/08) be given through consideration by the Examiner, and that it be cited of record in the prosecution history of the present application by initialing FORM PTO SB/08 next to the document. Such initialing is requested even if the Examiner does not consider a cited document to be sufficiently pertinent to use in a rejection, or otherwise does not consider it to be prior art for any reason. This is requested so that each document becomes listed on the face of the patent issuing on the present application.

This IDS is being submitted in compliance with 37 C.F.R. § 1.56. However, the citation of any document in this IDS is not to be construed as an admission that such document is necessarily available as prior art to the claimed invention. No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the Examiner, in the normal course of examination, will make an independent search to determine the best prior art consistent with 37 C.F.R. § 1.104(a) and 1.106(b) and, in the course of each search, will review for relevance every document cited on the attached form even if not initialed.

It is believed that no fee is required for this submission. However, should the U.S. Patent and Trademark Office determine that any fee is required or that any refund is due for this application, the Commissioner is hereby authorized and requested to charge any required fee(s)

and/or credit any refund(s) due to our Deposit Account No. 04-0100. Early an favorable consideration of the application and this IDS is earnestly solicited.

Dated: August 21, 2003
